COMMUNITY PRESERVATION
APPLICATION FOR FUNDING

Each section below MUST be completed for all funding requests

Scope/Concept of Project:

Maintenance/repairs needed at the Dog Park

Goal(s): Provide a list of broad goals of the proposed project

Provide a safe, clean environment for dogs and their owners to play and socialize.

Success: How will the success of this project be measured?

We currently have several sections of fence that were taken down by fallen trees over the past two winters. We have temporary fencing up in several areas to prevent any dogs from being able to jump the fence. In addition, the park is so well used, that several areas have worn away creating holes and a tremendous amount of puddling in certain areas. Addressing these issues will make the project successful.

Projected Action Plan and Timeline: Include project critical elements, expected expenditures, receipt of other funds/revenues.

As soon as funding is available, if approved, we will begin the project.

Evaluation: Describe how you will monitor progress toward meeting the stated goals.

I will visit the site on a regular basis.

Stewardship: Indicate how the project will be maintained after CP funds have been spent. Provide a 5 year plan.

Going forward, we will utilize the DPW to monitor and perform maintenance, at the Town Manager's discretion.

Budget Describe expected project costs including such things as personnel costs, operating expenses such as printing, postage, etc. Provide quotes (**Refer to application bid requirements on page 1**).

We plan to use DPW as much as possible, but we will need to hire specialists for the fencing, trees, and possibly the need to rent equipment.

Funding: Detail additional funding sources that are available, committed or under consideration.

Relevance: Indicate how the project is important and relevant to the current and/or future needs of the Town.

The town has already invested in the Randolph Dog Park. It has been a model for several other communities. It is a well used amenity by many Randolph residents.
