

*Thank You*  
*Isabella Luu*

The line is close  
Work is nearly done  
Together through cooperation

We've had our fun

What more is left  
To do our duty and close  
The door on this road  
Before beginning anew

To learn is to grow  
And to grow is to evolve  
We've had our final run  
And now we are done

The days quickly end  
And time speeds past fast  
All we can say is thanks  
And tip our hats

The line is close  
Work is nearly done  
Together through cooperation  
We've had our fun

Once again I'll say  
Before the sun goes down  
Thank you, thank you  
We all are very glad
