

How to Dispose of Holiday Trees, Decorations, Electronics, and Cardboard Boxes

Holiday Trees and Wreaths

Residents on the curbside trash collection program can place Holiday Trees and Wreaths out with their normal trash, **beginning Monday, January 5th until Friday, January 16, 2026.**

Remove all decorations, tinsel and lights before placing at the curb. All other items must be scheduled in advance with the Health Department.

Cardboard Boxes

Please bring excess cardboard to the **'Cardboard Only' dumpster** with the **blue lid** located at **6 Carlino Way** in Randolph (behind Zapustas Ice Arena, across from the baseball field). Please flatten cardboard boxes and insert them in the slot at the front of the container.

Important for Recycling

Do not include wrapping paper, tissue paper, ribbons, bows, foil, tinsel, packing peanuts, string lights, Styrofoam, batteries or plastic bags of any type in the recycle bin. These materials cause malfunction at the recycling facility, by wrapping around moving mechanical sorting parts causing extensive damage to the recycle sorting machinery.

Batteries

Do not put rechargeable batteries or car batteries in the trash cart OR recycle bin.

Rechargeable batteries and car batteries can be dropped off any time in the collection shed **behind 1 Turner Lane.** We ask that you put tape on the battery terminals prior to dropping off. These batteries are commonly found in cell phones, laptops, and small power tools. Batteries can also be brought to Household Hazardous Waste Day on August 8, 2026.

String Lights

Never put string lights in the recycle bin. String lights can cause damage to recycle facility machinery. You may bring unwanted string lights to the **DPW Drop off Center at 6 Carlino Way,** dates are listed below. You will find a **labelled bin for the string lights** next to the Cardboard Dumpster. String lights have valuable metals that can be recycled.

Electronics

Small electronics such as printers, A/C, humidifiers, microwaves, laptops, etc (\$5.00 ea), and **Large electronics** such as TV's and Monitors (*under 60 lbs* \$20.00 ea, *over 60 lbs* \$50.00 ea) can be brought to the DPW Drop-Off Center on the following dates:

- **January 3, 2026**
- **February 7, 2026**
- **March 7, 2026**

If you have any questions, please email gcody@randolph-ma.gov or call (781) 961-0924. Gerard F. Cody, REHS/RS, CPH, CHO, CP-FS is the Public Health Commissioner who manages the Solid Waste & Recycling program for the Town of Randolph.
