Structure Location: ___________________________ Map/Block/Parcel: ___________________________

Name of Owner: ________________________________________________________________

Address of Owner: ______________________________________________________________

Contractor: ____________________________________________ Telephone No. ___________________________

Per 780 CMR (9th Ed), Section 112.1 Service Connections:

Before a building or structure can be demolished or removed, the owner or agent shall notify all utilities having service connections within the building or structure, such as: water, electric, gas, sewer and other connections. A permit to demolish or remove a building or structure shall not be issued until a release is obtained from the utilities, stating that their respective services, connections and appurtenant equipment, such as: meters and regulators have been removed or sealed and plugged in a safe manner.

All debris shall be disposed of in accordance with MGL, Chapter 40A, Section 44.

Under the provisions of the above referenced Section 112.0, this office requires this document to be completed with the following information and releases.
